EDUCATION

Keizer Karel College – High school

2010 - 2016

I completed VWO Gymnasium

Utrecht University – Psychology Bachelor's

2017 - 2020

I have complete the Bachelor Psychology while following the honours program

Utrecht University – Methodology and Statistics Master's

2020 – present

Currently, I am a master's student Methodology and Statistics in the Behavioural, Biomedical and Social Sciences. My thesis subject is about the identification of quality-reflecting text-features using machine learning.

WORK EXPERIENCE

Supermarket team leader – Dirk van den Broek

2015 – 2019

My first paid job. Here I learned to teach customers with utmost respect while being responsible for my team and the task at hand.

Tutor - private

2016 – 2020

I have been tutoring high school students that have difficulty understanding the beta subjects.

Nursing home – Beth Shalom

2016 – 2020

I prepared lunch and provided light forms of caring for the elderly.

Data marketing analyst – Kortmann

2019- 2020

I managed Kortmanns website, analysed visitors behaviours, developed surveys and implemented findings in their business marketing program.

Waiter – WT Urban Kitchen

2020 – present

I am currently employed as a waiter at restaurant Urban Kitchen in Utrecht. I love the work and always come home with a content feeling.

Student/Research Assistant – Utrecht University

2019 – present

As a student assistant, I have tutored many university-level students in statistics. It also allowed me to conduct research into meta-regression and Bayesian hypothesis testing.
